Application Tips:

We recommend drafting your responses in a word processing program (Microsoft Word, Google Docs, etc.) rather than directly in the online application form, particularly if you are working with several people to complete the application. Then, copy and paste your answers in the online application form.

Please note that all attachments must be uploaded as PDFs. When you upload a document you will not see it listed on the screen until you hit "Save Draft."

The foundation's goal is to make the grant process as manageable as possible for prospective grantees. Please direct technical questions and feedback about the application process to grants manager, Rachel Murch Watters at rmurchwatters@pfs-llc.net or 415-561-6540 ext. 284.
